RE: Creswell Landfill; Landfill Gas Monitoring; BWM Permit #10008  
2<sup>nd</sup> Quarter 2016 Perimeter %LEL LFG Report

Dear Mr. Rawski:

In accordance with the Municipal Waste Management Regulations (§273.292 – “Gas Control and Monitoring”), the Lancaster County Solid Waste Management Authority (LCSWMA) continues quarterly monitoring of methane gas levels at the perimeter of the above referenced facility.

LCSWMA personnel completed monitoring of sample points along the facility boundary and in adjacent buildings and structures on June 15, 2016. The results of that monitoring are attached. No sampled peripheral locations, structures or landfill gas monitoring probes (sampled 6/30/16) were found to contain methane, while three (3) locations, internal to the landfill, were found to contain methane.

Please do not hesitate in contacting me at [mreider@lcswma.org](mailto:mreider@lcswma.org), if you have any questions or concerns.

Respectfully Submitted,

Mark D Reider  
Environmental Manager
