LCSWMA Acquires Frey Dairy Farms Property

LANCASTER, Pa. — The Lancaster County Solid Waste Management Authority (LCSWMA) recently purchased the Frey Dairy Farms property, located at 2646 River Road in Manor Township, Lancaster County.

LCSWMA purchased the 75.2-acre property on December 31, 2012 from Frey Dairy Farms, Inc. for \$2.65 million. Situated between LCSWMA's Frey Farm Landfill and Turkey Hill Dairy, acquiring the land would offer LCSWMA ownership and control over a strategic piece of real estate. Frey Dairy Farms will lease the property from LCSWMA for an 18-month period. Future plans for the property have yet to be determined.

"The owners approached us with their intent to sell the Frey Dairy Farms property," says James Warner, LCSWMA's CEO, "and the Authority recognized this as an opportunity to secure a key piece of contiguous land. We were happy to negotiate and come to an agreement that would benefit both parties."

###

LCSWMA is recognized nationally for its leadership in the industry and innovative approach to waste management. It's Integrated System consists of the following: (1) a Transfer Station permitted to handle up to 2,200 tons per day; (2) a 1,200 tons per day mass burn Waste-to-Energy Facility for the combustion of waste and production of electricity; (3) the Frey Farm Landfill, permitted for the disposal of 2,000 tons of waste per day; (4) a County-wide recycling program; and (5) a drive-through Household Hazardous Waste Facility. The Authority's mission is to manage solid waste and recyclable materials in an environmentally safe, reliable and efficient manner.
