RE: Creswell Landfill; Landfill Gas Monitoring; BWM Permit #10008

1st Quarter 2021 Perimeter %LEL LFG Report

Dear Mr. Rawski:

In accordance with the Municipal Waste Management Regulations (§273.292 – "Gas Control and Monitoring"), the Lancaster County Solid Waste Management Authority (LCSWMA) continues quarterly monitoring of methane gas levels at the perimeter of the above referenced facility.

LCSWMA personnel completed monitoring of sample points along the facility boundary and in adjacent buildings and structures March 25, 2021. The results of that monitoring are attached. No sampled peripheral locations, structures, or landfill gas monitoring probes were found to contain methane. While two (2) manholes internal to the landfill (sampled on 3/25/21) were found to contain methane.

Please do not hesitate in contacting me at dbrown@lcswma.org, if you have any questions or concerns.

Respectfully Submitted,

Daniel A. Brown
