RE: Frey Farm Landfill; Landfill Gas Monitoring; BWM Permit #101389
1st Quarter 2022 Perimeter %LEL LFG Report

Dear Mr. Oren:

In accordance with the Municipal Waste Management Regulations (§273.292 – “Gas Control and Monitoring”), the Lancaster County Solid Waste Management Authority (LCSWMA) continues quarterly monitoring of methane gas levels at the perimeter of the above referenced facility.

LCSWMA personnel completed monitoring of sample points along the facility boundary and in adjacent buildings and structures on March 22, 2022. The results of that monitoring are attached. No sampled peripheral locations, structures, or landfill gas monitoring probes were found to contain methane. While one (1) manhole internal to the landfill (sampled 3/22/22) was found to contain methane.

Please do not hesitate in contacting me at dbrown@lcswma.org, if you have any questions or concerns.

Respectfully Submitted,

A handwritten signature in black ink that reads "Daniel A. Brown". The signature is written in a cursive style with a long, sweeping underline.

Daniel A. Brown
Environmental Compliance Manager
