Why are LCSWMA's disposal rates increasing?

City of Harrisburg and Dauphin County rates are determined by the Susquehanna Resource Management Complex acquisition and operation agreements with Dauphin County and the City of Harrisburg.

Visit [LCSWMA's website](http://www.LCSWMA.org) for a list of principal agreements and related documents

www.LCSWMA.org

Why is LCSWMA imposing a \$20 penalty for open loads that are not secured by a tarp?

1. It protects the HEALTH and SAFETY of our community

Unsecured loads and debris in the road led to 200,000 crashes between 2011-2014

2. It Protects the ENVIRONMENT

As a nation, we spend \$11.5 billion a year combating litter, 40% of which comes from unsecured loads

3. It's the LAW

Pennsylvania's state and federal requirements are as follows:

Loads must be covered with a securely fastened water-resistant cover that eliminates potential for littering and other nuisances. 25 Pa. Code §§ 285.211(a) and 299.211(a)

Please secure your open load! It prevents litter and saves lives.
